### ***Does Your Mother Know?***

*Does Your Mother Know?* is the first of an original series featuring Canadian forensic profiler Christine Morris. After a traumatic incident on the job in Toronto, Christine is sent to Edinburgh to attend a conference on the latest in police methodology. There, she is tracked down by local police and informed that her estranged mother has been involved in a nasty vehicular homicide and has fled the scene. Flying to the Outer Hebrides to discover why her mother has come to Scotland, Christine finds herself in much deeper water when one of the islanders dies in suspicious circumstances, and her mother is still nowhere to be found.
