In 1975, Montreal is changing. Dr. James McKnight, wunderkind of the ER in a prestigious hospital, is finding it difficult to play well with others as he works hard at delivering medical miracles. When a beautiful suicide ends up in his morgue, things start to spiral out of control, for him and her only friend Benny, a mentally ill recluse. Benny holds the key to the identity of the woman, and the two men must trust each other to stop a crooked cop, a brutal gang, and the evil voices inside Benny, before they both lose everything.
